

CodeQuiz

Description

Brief quiz of 5 questions that is sorted randomly. The user is given 1 minute to complete the quiz and the remaining time becomes the user score. Scoreboard is locally stored and the user can log their initials and score.

Table of Contents

- [Installation](#)
- [Usage](#)
- [License](#)
- [Contributing](#)
- [Tests](#)
- [Questions](#)

Installation

Please follow this command to install npm dependencies:

```
npm i
```

Usage

This quiz is to be used as an educational tool for simple web development terminology. The user will press the Start button to begin the quiz and if time runs out, the Game Over screen will pop up. The user can then log their score on the score board and restart the quiz.

Credits

I give credit to Web Dev Simplified tutorials on YouTube, lots of Google-fu, and myself for this project. I welcome the user to submit additional questions to be added to the quiz, but only web development questions for now!

License

None

Tests

```
npm test
```

Questions

Please send any inquiries or concerns through [acerjak](#) or at amandacerjak@gmail.com.
